The Honorable Frank Lucas, Chairman
The Honorable Zoe Lofgren, Ranking Member
Committee on Science, Space, and Technology
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Lucas and Ranking Member Lofgren,

I am writing on behalf of StormQuant to express our strong support for H.R. 6093, the Weather Act Reauthorization Act of 2023. Your strong dedication to improving our nation's weather forecasting capabilities is evident through the reauthorization of critical environmental programs and establishment of new initiatives aimed at collaborative partnership with America's thriving weather enterprise.

StormQuant is working to improve our weather forecasting and prediction in America through radar technology innovation. Our services will allow NOAA and other federal agencies to acquire critical weather information that can be used to better protect lives and property. The improved partnership opportunities, found in the legislation, will support continued growth of our weather enterprise, and provide for more accurate and timely weather information.

StormQuant supports the reauthorization of the Weather Act and the enhanced initiatives within H.R. 6093. We look forward to the next legislative steps regarding this bill and endorse its passage.

Sincerely,
