

REVISED AMENDMENT (007) TO H R. 1735 ANS

OFFERED BY MS. STEVENS OF MICHIGAN

Member amendment to the HR1735 ANS that would amend paragraph (3) on Page 6 Line 8 to read as follows:

(3) A description of how such research activity may inform efforts to promote the engagement and achievement of students, including students from groups historically underrepresented in STEM, in prekindergarten through grade 12 in mathematical modeling and statistical modeling using problem-based learning with contextualized data and computational tools.

Page 10, line 14, insert the following (and redesignate the subsequent subparagraph accordingly):

(12) reduce gaps in access to learning opportunities for students from groups historically underrepresented in STEM;

(13) provide support and resources for students from groups historically underrepresented in STEM;
