Please see response to question 7 below.

Consistent with the Brookings Institution's commitment to independence (which includes not taking Institutional positions on issues), I am hereby informing the Committee that my testimony represents my personal views and does not reflect the views of Brookings, its other scholars, employees, officers, and/or trustees.

In further response, with consideration to the fact that I am testifying on my personal views, I am providing a link to reports that outline Brookings's donors, including any responsive Federal grants or contracts (including subgrants and subcontracts), and/or agreements or payments originating with a foreign government for the relevant time period. These Federal and/or foreign grants or payments were for independent research and analysis related to a number of subject matters, including a portion of which may be related to the subject matter of the hearing. Brookings will update these reports twice annually.
